Tell us a bit about yourself

Do you have any needs or requirements we should be aware of?

What we expect:

In order for the camp to be financially viable, we ask for a £60 contribution from crew to cover food & site costs. We ask that you give 3-4 hours per day work exchange. If you want to bring children or a partner, they will need to book their tickets through the website.

Once we have received your application and you are successful we will then send BACS details for you to make payment to confirm your place.

Thank you for your support – we are looking forward to sitting under the stars together again!
